Tabitha A Donald Smith weighed over 300 lbs when she died. Had to make an extra large coffin for her when she died. She was an extra sweet and kind person and was Reddick who use to drive the school bus wagon when my mother went to school. She said the wagon was pulled by a beautiful pair of white horses. And Uncle Reddick would let her sit on the "driver's" seat and hold the reins. Maybe this will help you.
